Brasswick

Every carrier invoice, matched to the load before you pay it

Seed | $3,000,000 | Long Island City, New York | Founded 2025

Data as of 2026-09-30

The problem

Brasswick

- Freight brokers pay thousands of carrier invoices a month.
- Many carry charges the rate confirmation never agreed: detention, lumper fees, extra stops, a second copy of the same invoice.
- Settlement teams check a sample by hand. The rest gets paid.

Example: load 48213

Rate confirmation	Linehaul $2,150, fuel included
Carrier invoice	Linehaul $2,150
	Detention $225
	Lumper $180
Brasswick	Detention not on the rate confirmation.
	No lumper receipt attached.
	Holds $405 and asks the carrier for proof.

The product

Brasswick

- Reads each carrier invoice, the rate confirmation, the bill of lading and the proof of delivery.
- Matches the invoice to the load in the broker's transportation management system.
- Approves clean invoices for payment and holds the ones that do not match, with the reason.
- Writes the dispute to the carrier and tracks the answer.
- On invoices a broker paid before it joined, chases the overbilled amounts back from carriers.

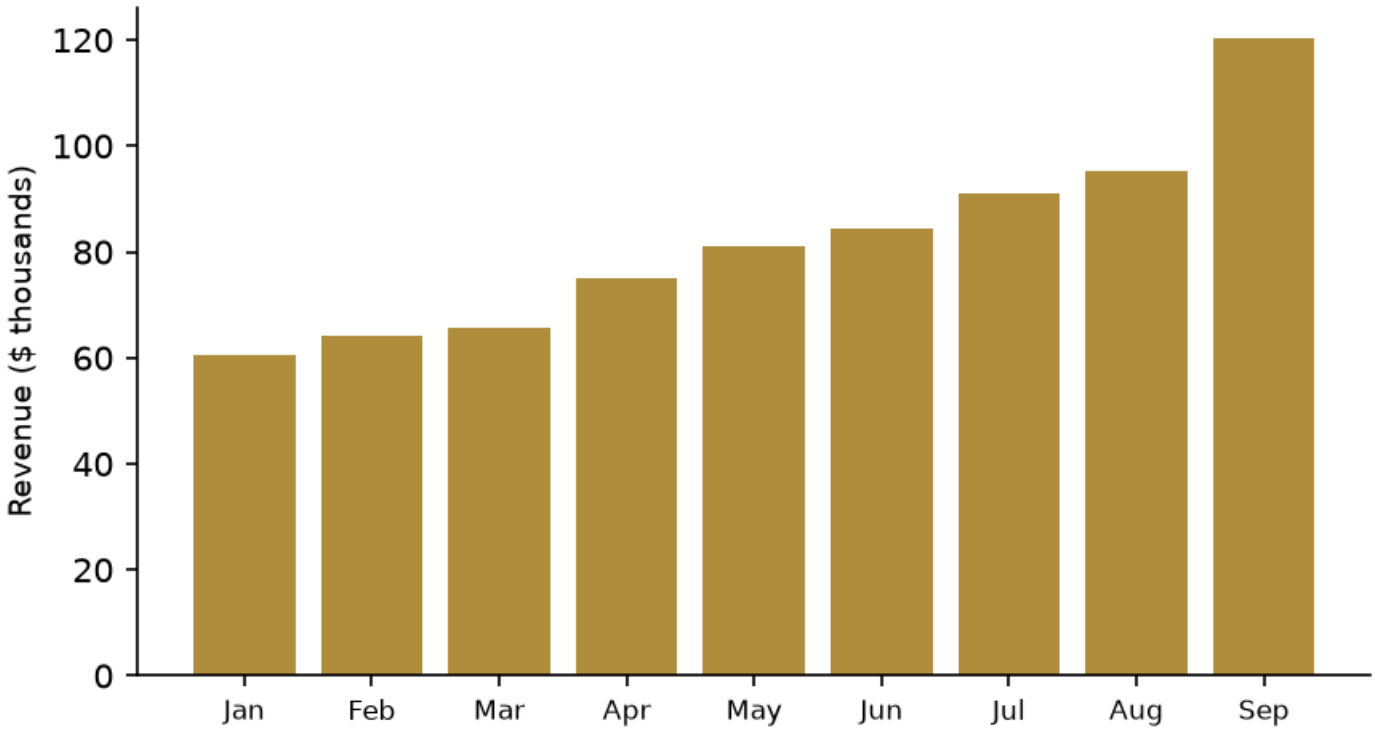
Paying brokers

Monthly revenue, January 2026 to September 2026



Revenue grew every month in 2026.

Customers

Brasswick

- 14 of the 15 brokers who have paid us still do.
- Our largest customer, Corvane Logistics, is 20% of subscription revenue, on a 24-month agreement to 2027-04-30.
- Carrier invoices audited in September 2026: 75,337.
- Carrier invoices audited since launch: 799,114.
- Brokers from 40 to 400 employees, moving dry van, reefer and flatbed loads.

How we make money

Brasswick

Subscription

- Priced by monthly load volume: Lane $2,400 a month, Fleet $4,800 a month, Network on contract.
- Annual plans are paid once a year in advance and cost 10% less.

Recoveries

- On invoices a broker paid before it joined, we chase overbilled charges back from carriers.
- We keep 30% of the money recovered.

Market

Brasswick

3,600

US freight brokers with ten or more staff (company estimate)

$54,000

What one of them would pay a year (company estimate)

$194,400,000

Market size (company estimate)

Why brokers choose us

Brasswick

- Freight audit firms check after the money has gone out. We check before it is paid.
- Transportation management systems store the documents but do not compare them.
- Our matching reads the documents as they arrive, in any format the carrier sends.

Team

Brasswick

Celia Brandvold

CEO and co-founder

Ran carrier settlement at a mid-size freight brokerage for nine years.

Marcus Ashdown

CTO and co-founder

Built document extraction for insurance claims software.

Lena Haverkamp

Founding Engineer

Shipped the first matching engine in eight weeks.

Owen Tierney

Customer Success Lead

Onboards every broker and runs the recovery desk.

7 full-time employees today.

Plan and runway

Brasswick
