Hollis Voice, Inc.

Data room for the Series A. Data as of 2026-09-30.

Thank you for your time. This room has two tiers. The first tier is the deck, the model, the cap table, the metrics, the team and the product. The second tier is the detail behind the numbers: revenue by customer, the expense ledger and the customer agreements. We share the second tier after a term sheet. Every number in the deck ties to a file in this room, and the deck's last slide lists each one.

Imogen Tarrant, Chief Executive Officer
